Select Seedance 2.0 or any higher version and insert the prompt

Scene 1

The rabbit stretches confidently while smiling. The turtle slowly blinks and smiles. Both characters breathe naturally. The camera slowly pushes toward the start line. Jungle spectators wave happily. Gentle wind moves the leaves and vines.

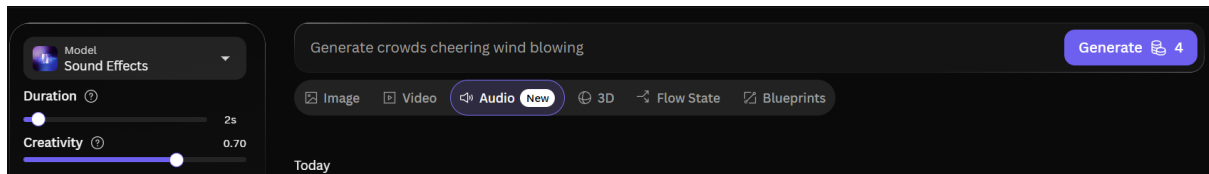

Scene 2

The rabbit sprints

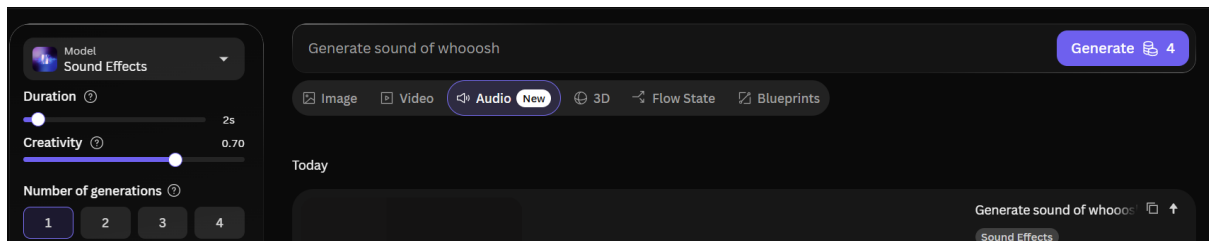

Audio for Scene 1

Generate crowds cheering wind blowing

Audio for Scene 2

Generate sound of Whoosh

Merge all Files in Capcut
